

**New Zealand** is well underway to deliver our national **Covid-19 Vaccination Programme**.

It is an important part of  
**protecting our community**  
against covid 19 and the newly emerging strains.

*Covid-19 is a **real**  
and **serious** global issue*

that cannot be ignored. It has made people very ill  
and has caused many deaths worldwide.

<https://www.gavi.org/covid19/dashboard>

Help to **protect**  
**your family, friends,**  
**community**

and unite as a nation to build  
protection against Covid-19.

vaccine-safety-and-efficacy](https://covid.immune.org.nz/tag/vaccine-safety-and-efficacy)

Watch this video  
to understand how the  
vaccine works.

[https://vimeo.com/  
588101756](https://vimeo.com/588101756)

It is available  
**FREE FOR EVERYONE**  
over **12** years of age.

The Pfizer Vaccine is a  
**safe and effective** way of  
**preventing severe illness** from Covid-19.

**It will not alter your DNA**  
**or affect your future fertility.**
